

CertainTeed
Bufftech[®]
Vinyl Fence Products

CertainTeed 
Quality made certain. Satisfaction guaranteed.™

Designs for living

Creating the outdoor space of your dreams begins with Bufftech® premium vinyl fence. Beautiful, durable and virtually maintenance free, Bufftech fence systems and accessories come in a wide array of styles, colors, textures and sizes, making it easy to create a look that complements your personality and lifestyle.

Easy-care Outdoor Living

Bufftech vinyl fence is an easy-care alternative to other fence materials. Bufftech vinyl won't warp, rot, split or blister like a wood fence, or rust, chip, peel or corrode like aluminum. Vinyl never needs sanding, staining or painting. An occasional rinse with a garden hose will keep it looking like new.

Innovative Styles, Colors and Textures

Bufftech leads the vinyl fence industry with the widest array of styles, colors and textures. Our CertaGrain® and Select Cedar authentic woodgrain textures recreate the look of natural wood fencing, while our CertaStucco™ fence offers an innovative alternative to traditional stucco walls. Bufftech is the only vinyl fence manufacturer to offer ColorLast™ dark color fade protection, an acrylic formulation that provides superior protection from the harsh rays of the sun.

Color-coordinated Design Options

Bufftech vinyl fence comes in a variety of colors designed to match CertainTeed's vinyl siding and trim products, so you can coordinate the color of your fence with your home's exterior.

Outstanding Warranty Protection

All Bufftech fence products are backed by a lifetime limited transferable warranty with exclusive SureStart™ protection, which covers warrantied repair and replacement costs for five years after installation.

100 Years of Quality Products

Bufftech fence is proudly made in the U.S.A. by CertainTeed Corporation, a trusted name in building products for more than a century. Since 1904, CertainTeed has earned a reputation among homeowners and building professionals alike as a respected manufacturer of high-quality building materials.

How Does the Competition Stack Up?

Bufftech premium vinyl fence provides performance features that far surpass other fence materials. Before choosing a fence, compare the features most important to you with what other fence products offer.

Performance Features	Bufftech Vinyl
Lifetime limited transferable warranty	4
Parts and labor warranty	4
Never needs painting or staining	4
Won't chip, peel, crack or splinter	4
Won't rot or support mold growth	4
Impervious to termites/wood-boring insects	4
No harmful chemicals	4
Concealed fasteners	4
Heavyweight pickets	4
Steel reinforced rails	4
Routed rails and posts	4
Self-extinguishing	4
Easy to assemble	4
High-quality raw materials	4
Lead free	4
Building code compliant	4
Meets ASTM standards	4
Wide choice of colors	4

Beauty that lasts

Bufftech vinyl fencing is a beautiful, long-lasting alternative to wood fencing. Wood fences require painting or staining every few years to maintain the fence's appearance and to protect the wood from weathering. Bufftech fence won't warp, rot, splinter, peel or blister like wood, and it never needs sanding, staining or painting. Years from now, a Bufftech fence will look as beautiful as it did on the day it was installed.

Bufftech fencing offers a realistic woodgrain texture and rich, authentic shades that replicate the look of natural wood without the maintenance.

Before: A weathered wood fence

After: Chesterfield CertaGrain vinyl fence in Sierra Blend

*ColorLast™ formulation

With our “multi-chromatic” color blends, Bufftech recreates the natural beauty of stained wood in an easy-to-maintain vinyl design. Arbor Blend (shown) is just one of many Bufftech shades featuring our exclusive ColorLast™ fade protection.

Picket Style: 7/8" x 7"

Tongue & Groove

CertaStucco™ fence is Bufftech's innovative alternative to traditional stucco walls. Designed to coordinate with a variety of wall surfaces and stucco styles, CertaStucco won't crumble, peel, chip or crack due to settlement, or stain like traditional stucco. Plus, it eliminates the time-consuming, costly task of digging a foundation and finishing the wall.

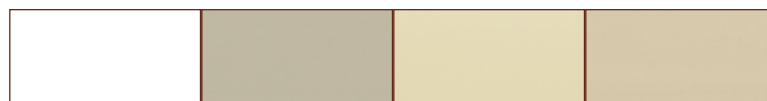

Bottom rail reinforced with steel for added strength and durability.

Posts: All 3' & 4' high fences available with true 4" x 4" posts except Chesterfield, Manchester and Canterbury (5" x 5" posts).

Post & Rail and all 5', 6', 7' and 8' fences available with 5" x 5" posts.

Caps: Choice of External Flat, Internal Flat, Gothic, New England or Ball. (Please refer to product catalog for complete cap offering.)

Gates: Factory pre-assembled 50" wide gates (Lexington 42-3/8" wide) are available for residential style fences; other widths assembled by dealer using Gate Kits.

The Bufftech advantage

Thanks to state-of-the-art vinyl technology, Bufftech's premium vinyl fence is engineered to last. The weather-resistant vinyl construction won't corrode, peel, flake or discolor. Our innovative co-extrusion process offers increased durability and UV protection, while precision pre-routed posts provide for easy, bracket-free installation. All Bufftech products are backed by an outstanding lifetime, limited warranty.

Routed Rails

- Fence section can be racked to follow the slope of the terrain
- Precision routed for a clean, professional finish
- Ensures a safe, secure picket attachment with no unsightly glue or screws

Routed Fence Post

- Superior aesthetics to unsightly brackets and screws
- A more secure connection that allows for thermal expansion season after season

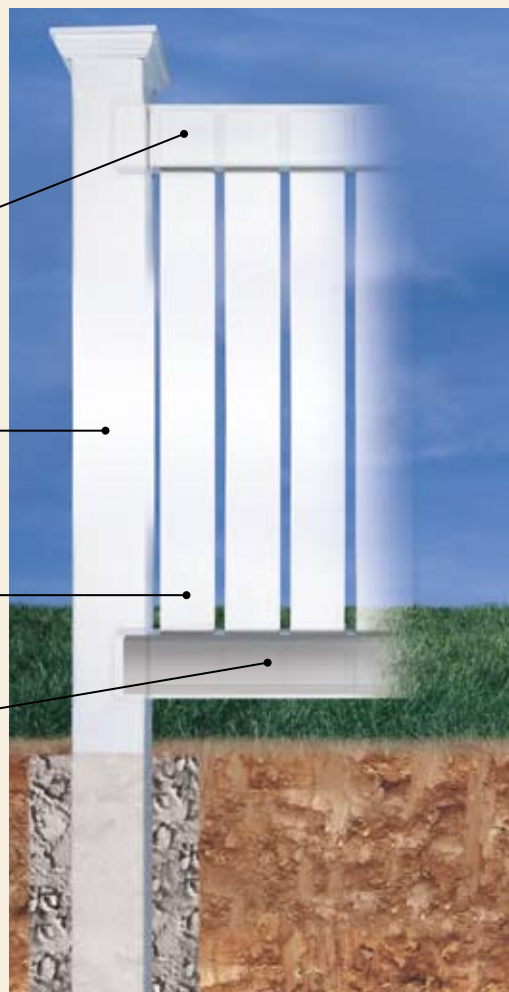

Heavyweight Pickets

- Provide superior impact strength and resist the warping and oil canning found in flat panel fence
- Offering includes both profile and tongue & groove designs

Steel Reinforced Bottom Rail†

- Eliminates sagging and bowing, producing a stronger fence
- Hour-glass design grips the end of pickets to add stiffness
- Classic style

† Offered with privacy, semi-private and contemporary fence styles
